## Foreword

Established in 1968, the League for Innovation in the Community College is dedicated to informing, inspiring, and celebrating innovations in learning, teaching, staff development, and student success. In 2012, as part of this tradition of excellence in community colleges, the League established the John & Suanne Roueche Excellence Awards to recognize outstanding faculty, staff, and leaders in higher education. The Excellence Awards are named for John E. and Suanne D. Roueche, leaders in the community college field and early proponents of the idea that teachers have major responsibility for students' performance in the classroom. The Roueches have been colleagues and friends of the League for over thirty-five years, and from this working relationship with its founders, have created a dynamic partnership through collaborative efforts on projects of mutual interest and national concern.

As a tribute to the Roueches' many contributions to community college faculty and staff, we honor the distinguished 2016 Excellence Award recipients from League Board and Alliance member colleges, all of whom exemplify exceptional teaching and leadership. The League thanks you for joining us at Innovations 2017 for the John & Suanne Roueche Excellence Awards Celebration, and for participating in this opportunity to highlight the best and brightest faculty and leaders in higher education. Recognizing extraordinary faculty in the community college profession is a priority, and John and Suanne Roueche have long known that acknowledging their efforts is only part of keeping both new and experienced educators in our colleges. We appreciate your support and willingness to share your college's experiences with the field, as together we carry on the legacy of the community college movement.

League for Innovation

## Bergen Community College Congratulates The Center for Peace, Justice and Reconciliation

Eight years ago, Bergen Community College faculty, staff, and students sought to begin a dialogue on global conflict and the path to forgiveness.

The conversation has deepened each year since then.

Through educational initiatives, exhibitions, performances and dialogues, PJR has played a vital role in enhancing civic engagement and in helping to make Bergen students more responsive local and global citizens. PJR has become a regional center for the study of problems related to political and ethnic violence, and has, in particular, become a leading voice raising awareness of the causes and consequences of the Armenian genocide.

The College recognizes co-directors Prof. Tom La Pointe, Dr. David Eichenholtz, Dr. Ellen Feig, Prof. Cristina Haedo, Dr. Sarah Shurts and Center associate Beverly Margolies for their work in fostering this crucial dialogue among students, faculty, staff and community.
