LEAGUE FOR INNOVATION IN THE COMMUNITY COLLEGE

www.league.org/inn2019

Foreword

Established in 1968, the League for Innovation in the Community College is dedicated to informing, inspiring, and celebrating innovations in learning, teaching, staff development, and student success. In 2012, and as part of this tradition of excellence in community colleges, the League established the John & Suanne Roueche Excellence Awards to recognize outstanding faculty, staff, and leaders in higher education. The Excellence Awards are named for John E. and Suanne D. Roueche, leaders in the community college field and early proponents of the idea that teachers have major responsibility for students' performance in the classroom. The Roueches have been colleagues and friends of the League for over thirty-five years, and from this working relationship with its founders, have created a dynamic partnership through years of collaborative efforts on projects of mutual interest and national concern. Sadly, Suanne Roueche passed away on December 24, 2017, but the impact of this legendary husband-and-wife scholarly team will continue to serve as a beacon for student success for years to come.

As a tribute to the Roueches' many contributions to community college faculty and staff, we honor the distinguished 2017 Excellence Award recipients from League Board and Alliance member colleges, all of whom exemplify exceptional teaching and leadership. The League thanks you for joining us at the 2018 Innovations Conference for the John & Suanne Roueche Excellence Awards Celebration, and for participating in this opportunity to celebrate extraordinary faculty and leaders. Recognizing the best and brightest faculty in the community college profession is a priority, and John and Suanne Roueche have long known that hiring, retaining, and acknowledging your efforts is only part of keeping both new and experienced faculty in our colleges. We appreciate your support and willingness to share your college's experiences with the field, as together we carry on the legacy of the community college movement.
