## Foreword

The League for Innovation in the Community College has been dedicated to informing, inspiring, and celebrating innovation in learning, teaching, staff development, and student success for over 50 years. More than thirty-five years ago, we created the Innovation of the Year Awards to recognize innovations that reflect significant achievements and the continuing renewal of the spirit of experimentation upon which the League was founded. In 2012, we established the Excellence Awards to celebrate outstanding faculty, staff, and leaders in the community college field who have made a significant difference in the lives of students and in the communities their colleges serve.

We honor the distinguished 2019-2020 Innovation of the Year Award winners and 2020-2021 Excellence Award recipients from League Board and Alliance member colleges. The League thanks you for participating in this opportunity to recognize extraordinary faculty, staff, and administrators. We appreciate your support and willingness to share your college's experiences with the field, as together we carry on the legacy of the community college movement.

Rufus Glasper, Ph.D.
