Advancing Health in America

The Project Firstline program is a national training collaborative led by the Centers for Disease Control and Prevention (CDC) in partnership with the American Hospital Association and the Health Research & Educational Trust (HRET), an AHA 501(c)(3) nonprofit subsidiary. Project Firstline is a national collaborative led by the U.S. Centers for Disease Control and Prevention (CDC) to provide infection control training and education to frontline healthcare workers and public health personnel. AHA is proud to partner with Project Firstline, as supported through Cooperative Agreement CDC-RFA-CK20-2003. CDC is an agency within the Department of Health and Human Services (HHS). The contents of this video do not necessarily represent the policies of the CDC or HHS and should not be considered an endorsement by the Federal Government.
