

Dear,

Congratulations on your acceptance into the Walmart Brighter Futures Program. This program is designed to provide you with career development resources and support that will help you succeed at Santa Fe College. We are dedicated to helping you find the right certificate programs and gain credentials that will prepare you for employment in a growing economy. We are excited that you have chosen to take the next steps in finding a career path.

Program acceptance offers help with interviewing skills, job placement, internship opportunities, some financial assistance towards program completion, and access to a wide range of college and community services.

While in the program, students are expected to do several things which include:

- Meet with a Walmart Brighter Futures staff member at least 3 times during the semester
- Work with staff to set professional, academic, and personal goals
- Complete all trainings/classes according to your goals
- Communicate with staff members when you experience hardships or difficulties
- Notify program staff members of changes in employment, successes, and income
- Perform to the best of your ability

You are encouraged to meet with a Walmart Brighter Future's staff member to discuss your academic and professional aspirations as soon as possible. The office contact is below.

We look forward to working with you!

Harold Gertner
