## Membership Year 2005

## **September Survey**

SUBJECT: What Do CEOs Want to Know About - Budget Issues?

Below are the results of our quarterly survey of League Alliance CEOs about budget issues. This survey was a follow-up to our 2002 study of budget issues faced by community colleges after September 11, 2001.

Here are some highlights of the findings:

- Compared with last year's 2004-2005 budgets, 82 percent of college CEOs reported an average 7 percent 2005-2006 budget increase, 6 percent reported an average 2 percent budget decrease, and 12 percent reported no change in their budgets.
- In order to increase revenue in the current fiscal year, 75 percent of college CEOs reported that they are increasing tuition, 56 percent are increasing grant applications, and 55 percent are increasing marketing efforts.

The top 10 areas or cost centers that CEOs believe will face the greatest future challenges include technology, student support services, energy/utilities, maintenance, benefits, capital projects/spending, health insurance, operational costs, state funding, and salaries.
